

Title: User Story for E-Commerce App.

User story1

As a user

I want to be able to browse through a wide range of products
so that I can find exactly what I'm looking for.

User story2

As a user

I want to be able to add products to my shopping cart and manage quantities easily
so that I can efficiently compile my desired purchases.

User story3

As a user

I want to have multiple secure payment options available
so that I can choose the most convenient option for me.

User story4

As an admin

I want to I want to be able to add, edit, or remove products from the catalog easily
so that the products remain up-to-date.

User story5

As an admin

I want to categorize products into relevant categories and subcategories
so that enhance the browsing experience for customers and improve product discoverability.
